# Open House

Thursday, Jan. 26, 2012  
1:00 - 2:00 pm

Come and learn what our "Early Years" programs have to offer. We invite you to join us, right in the middle of the school day, so that you may observe the interaction between our students and teachers and see first hand what our school day is like. Teachers will also give an overview of the curriculum for our earliest grades. Bring your child; optional babysitting will be provided for them.
